## **NOTICE TO ALL PARENTS**

Dear parents,

We take this opportunity to thank you for your unwavering support to the school during these years of hardships due to the Covid-19 Pandemic.

You are all well-aware that taking into consideration the financial constraints that the on-going pandemic has put upon everyone, the School Management has not increased the fees during the past two consecutive years. In fact, all parents were given a rebate of 20% on the fees paid and many who were in dire strain were given concessions and/or free ships.

The maintenance and operational expenses etc. due to Covid-19 of the Schools increased during the past two years and continue to do so.

In order to maintain the good standard of our school and an excellent teaching faculty, the School Management has no option but to increase the School Fees.

In view of the above, the School Management has decided to increase the School Fees with effect from April, 2022.
